Elephant table

DESIGN BY NEULAND, 2016

IT Richiamano l'omonima collezione di poltroncine i tavoli della serie Elephant, nati da un'evoluzione della base a trespolo della sedia girevole. Un'idea che si è via via ampliata, arrivando oggi a contare molte versioni, dal tavolino bistrot al tavolo alto, con base singola o doppia. La struttura, in alluminio pressofuso brillantato o verniciato, sostiene un piano rotondo o rettangolare, in diversi colori o in pietra (solo nella versione tavolino). Eclettici e universali, disponibili in versione fissa o pieghevole, i tavoli della serie Elephant sono adatti agli spazi più diversi, dalla cucina all'ingresso, dal salotto di casa all'ufficio.

EN The Elephant range of tables, resulting from the evolution of the trestle base of the swivel chair, recalls the collection of chairs of the same name. The idea has gradually been extended to include many different versions, from the bistro table to the high table, with a single or a double base. The frame, in polished or painted die-cast aluminium, supports a round or rectangular top, available in various colours or in stone (only for the coffee table version). Versatile and universal, available in a fixed or a folding version, the tables in the Elephant range are ideal for the most diverse spaces, including the kitchen, entrance hall, living room and office.

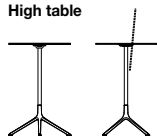

DE Die Tische der Serie Elephant erinnern an die gleichnamige Kollektion von Sesseln und sind das Ergebnis einer Weiterentwicklung des

Ständers des Drehstuhls. Eine Idee, die sich nach und nach ausgeweitet hat und heute viele Versionen umfasst, vom Bistrotisch bis zum hohen Tisch mit einzelner oder doppelter Untergerüst. Die Struktur aus glanzpoliertem oder lackiertem Aluguss trägt eine runde oder rechteckige Platte in verschiedenen Farben oder aus Stein (nur in der Version als Beistelltisch). Vielseitig und universell einsetzbar, in fixer oder klappbarer Ausführung erhältlich, eignen sich die Tische der Serie Elephant für die unterschiedlichsten Räumlichkeiten, von der Küche bis zur Diele und vom Wohnzimmer bis zum Büro.

ES Nacidas de una evolución de la base con forma de trípode de la silla giratoria, las mesas de la serie Elephant evocan la colección de butacas homónima. Una idea que ha ido ampliándose y que hoy cuenta con múltiples versiones: de la mesita bistró a la mesa alta, con base simple o doble. La estructura, de aluminio moldeado a presión abrillantado o barnizado, sostiene un sobre redondo o rectangular, en distintos colores o en piedra (solo en la versión mesita). Eclecticas y universales, disponibles en versión fija o plegable, las mesas de la serie Elephant se adaptan a los espacios más variados: de la cocina al vestíbulo, del salón de casa a la oficina.

FR Les tables de la série Elephant rappellent la collection de fauteuils du même nom. Elles sont l'évolution du piètement à branches du fauteuil
