MILANO, BOSCO VERTICALE. FUORI, PIÙ DI DUEMILA ESSENZE ARBOREE DANNO VITA A UNA FORESTA URBANA CONTEMPORANEA. DENTRO, OGNI STANZA DELLA CASA SI ADATTA A QUEST'ARCHITETTURA UNICA, RISPETTANDONE L'ESTETICA ED ESALTANDONE LE PARTICOLARITÀ.

KITCHEN. 1

MILAN, BOSCO VERTICALE. OUTSIDE, OVER TWO THOUSANDS TYPES OF TREES BRING TO LIFE A CONTEMPORARY URBAN FOREST. INSIDE, EACH ROOM IN THE HOME ADAPTS TO THIS UNIQUE ARCHITECTURE, IN TERMS OF AESTHETICS AND DETAILS.

Per valorizzare la grande vetrata, la zona operativa si sviluppa ad angolo su due pareti, con cappa da soffitto in corrispondenza dei fuochi.
Il tavolo al centro della stanza è in rovere torba, come la pannellatura della parete retrostante.

In order to highlight the large window the work area develops in the corner created by two walls, with suspended extractor hood over the burners. The table in the middle of the room is in torba coloured oak, also used for the panelling behind it.

Lo spazio di contenimento è molto ampio: oltre alla lunga parete a colonne con cantina integrata, nei pensili con anta vetro bronzato e telaio in alluminio si possono riporre oggetti d'uso quotidiano o da lasciare in vista.

There is plenty of storage space: besides the long wall with tall units and integrated wine cellar, the wall units with aluminium framed bronze-finish glass doors can hold useful or decorative objects.

Nella base operativa con fuochi, l'apertura a gola è in una posizione insolita: non è sotto il top ma nella parte inferiore del cassetto. Così, nello spazio che viene a crearsi tra piano e cassetti, si possono inserire i comandi remoti.

The base unit with cooking hob has a grip profile in an unusual position: not under the top but in the lower part of the drawer. In this way, the space created between the top and drawer can house remote controls.

LE FORME MODERNE E RAZIONALI DELL'ARCHITETTURA ISPIRANO QUELLE DELLA CUCINA. IL RISULTATO È UN INSIEME COERENTE DOVE PULIZIA FORMALE E RIGORE DETERMINANO ANCHE LE SCELTE PIÙ FUNZIONALI, COME QUELLA DI UNA ZONA OPERATIVA UNICA E CENTRALE.

KITCHEN. 2

MODERN, RATIONAL ARCHITECTURE INSPIRES THE SHAPE OF THIS KITCHEN. THE RESULT IS A COHERENT WHOLE FEATURING UNCLUTTERED, RIGOROUS LINES THAT DEFINE FUNCTIONAL ASPECTS SUCH AS THE SINGLE, CENTRAL WORK ZONE.

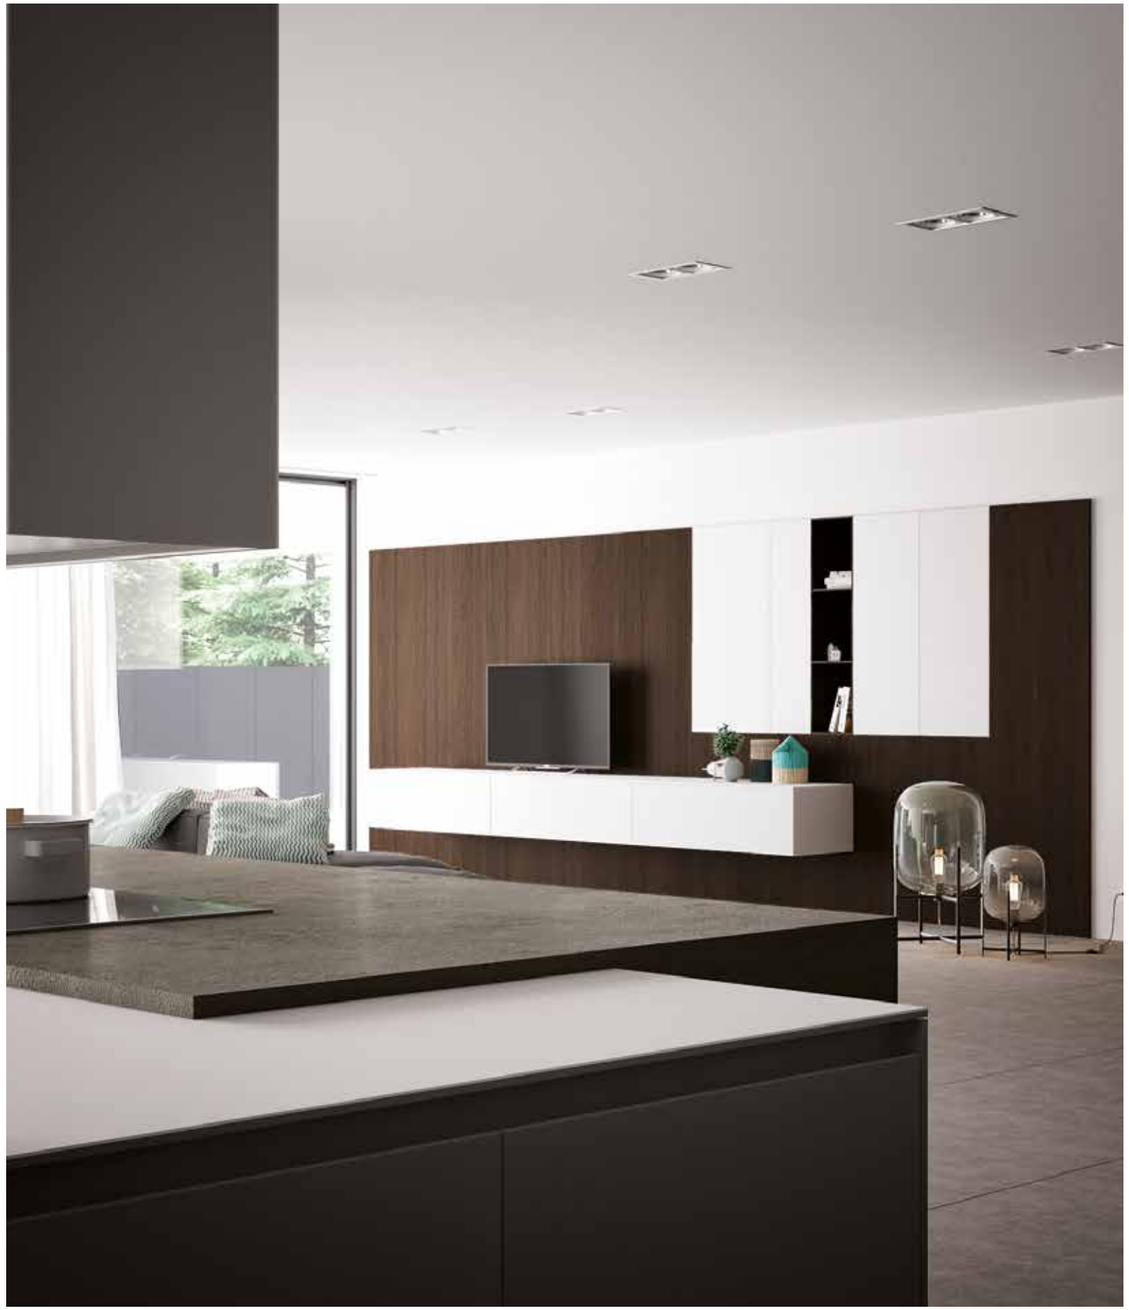

Il vetro bianco dell'isola è riscaldato dalle finiture in rovere termocotto delle colonne attrezzate. Un sistema di ante a scomparsa nasconde gli elettrodomestici, mentre la cantina rimane a vista dietro le ante in vetro con telaio rivestito in legno e maniglie in acciaio a tutta altezza.

The white glass of the island is softened by the heat treated oak finish of the equipped tall units. The appliances are concealed by a special system of doors, but the wine cellar remains on view behind wood trimmed glass doors with full length steel handle.

Cucina e zona living sono pensate in continuità. Per ottenere un'armonia perfetta tra i due ambienti, il catalogo My Project include anche i pensili del soggiorno, realizzati con le stesse caratteristiche formali e le stesse finiture di quelli della cucina.

The kitchen and living room are designed as a continuous module. To harmonise the two areas the My Project catalogue includes living room wall units with the same characteristics and finishes as those for the kitchen.

L'isola a due blocchi è unita dall'alto bancone in grès effetto pietra con fuochi integrati. La cappa da soffitto è rivestita in vetro bianco, come le ante delle basi, che hanno l'apertura a gola.

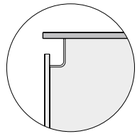

The two modules comprising the island are united by a high counter in stone effect stoneware with integrated cooking hob. The ceiling extractor hood is faced in white glass, like the base unit doors which feature a grip profile.

UNA CORNICE CLASSICA PER UNA CUCINA MODERNA NELLE FORME E NELLE FINITURE. LA GEOMETRICA SEMPLICITÀ DELL'ISOLA E DEI PENSILI SI ARMONIZZA CON GLI STUCCHI E LA BOISERIE DI QUESTO APPARTAMENTO AL PIANO NOBILE DI UN ANTICO PALAZZO.

A CLASSICAL SETTING FOR MODERN KITCHEN FITTINGS. THE GEOMETRICAL SIMPLICITY OF THE ISLAND AND WALL UNITS BLENDS IN WITH THE STUCCO AND BOISERIE OF THIS FLAT ON THE MAIN FLOOR OF AN ANCIENT MANSION.

L'attenzione ai dettagli detta un'estetica sofisticata e funzionale, anche all'interno dei cassetti accessoriati della zona operativa, caratterizzata da top e blocco lavabo in pietra grey.

Attention to details gives a sophisticated, functional look, also inside the accessory-fitted drawers of the work area, which features tops and sink unit in grey stone.

A circondare il blocco operativo, che ha le stesse finiture bronzo dell'isola a doppia altezza, colonne e pensili in appoggio con anta in vetro fumé e telaio in alluminio.

Surrounding the work module, which has the same bronze finish as the split-top island, are tall units and free-standing wall units with aluminium framed, smoked glass doors.

ON THE SUNLIT PATIO OF A MODERN VILLA THE LIGHT REFLECTS ON THE LARGE WINDOWS TO REVEAL A GLIMPSE OF AN IMPOSING KITCHEN FEATURING AN ISLAND WITH SUSPENDED STEEL EXTRACTOR HOOD AND WORK UNITS ON THE WALLS.

Pulizia formale assoluta con l'anta ad apertura push-pull impiallacciata in noce, che si allunga fino a terra per coprire lo zoccolo dell'isola.

The door with push-pull opening creates an uncluttered look. Walnut veneered, it extends to the floor to cover the island plinth.

Un box in vetro racchiude la zona dedicata alla cantina e alla dispensa, con boiserie e colonne in laccato opaco grigio corda. La stessa finitura ritorna nella parete che separa la cucina dalla zona living.

Glass boxing encloses the area dedicated to the wine cellar and pantry, with grey cord matt lacquered boiserie and tall units. The same finish is repeated for the wall separating the kitchen from the living room.

È in acciaio sottile il top dell'isola con fuochi integrati, così come quello della zona operativa a parete con blocco lavaggio alto 6 cm. Qui, tra il piano e i pensili, trovano posto elementi contenitori per barattoli, mestoli e altri accessori.

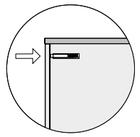

The top with integrated cooking hob is in slim steel, just like the work area against the wall, with 6cm high sink unit. The space between the top and wall units houses storage elements for jars, ladles and other accessories.

È IMMERSA NEL PAESAGGIO NATURALE QUESTA VILLA DALLE AMPIE FINESTRE E CON INTERNI D'ISPIRAZIONE NORDICA. BOISERIE E ARREDI GIOCATI SUL NERO SONO RISCALDATI DALLE FINITURE IN LEGNO E DAL CAMINO CHE DIVIDE LA CUCINA DALLA ZONA GIORNO.

KITCHEN. 5

A NATURAL LANDSCAPE SURROUNDS THIS VILLA WITH LARGE WINDOWS AND NORDIC INSPIRED INTERIORS. BOISERIE AND BLACK ITEMS ARE SOFTENED BY WOOD FINISHES AND THE FIREPLACE DIVIDING THE KITCHEN FROM THE LIVING ROOM.

L'alluminio finitura ferro naturale caratterizza la boiserie con mensole e l'isola, che ha prese di corrente da piano e top in Dekton, un materiale rivoluzionario ricavato dalla miscela delle migliori materie prime usate nella produzione di vetro, materiali ceramici e quarzo.

Natural iron aluminium distinguishes the boiserie with shelves and the island, which has counter top power sockets and a top in Dekton, a revolutionary material made of a mix of quality raw materials used in the production of glass, ceramics and quartz.

Le colonne, in rovere naturale come le mensole da 1,2 cm, sono attrezzate all'interno con prese di corrente e piano estraibile in acciaio. Così, si viene a creare un ulteriore spazio di lavoro - anche con piccoli elettrodomestici - disponibile all'occorrenza.

The tall units in natural oak, like the 1,2cm shelves, are equipped with sockets and pull-out steel top. This creates further work space - also with small appliances – available as and when needed.

I cassetti con apertura a gola a presa inferiore sono in linea con l'estetica pulita e rigorosa di questa cucina.

Drawers with lower grip profiles are in line with the uncluttered, clean-cut appearance of this kitchen.

A LOFT CREATED IN THE SPACE UNDER A PITCHED ROOF AND A KITCHEN THAT MAKES FULL USE OF ALL ITS FUNCTIONAL AND AESTHETIC POTENTIAL, USING CUSTOMISED TALL UNITS AND QUALITY FINISHES SUCH AS CORIAN® AND NATURAL OAK.

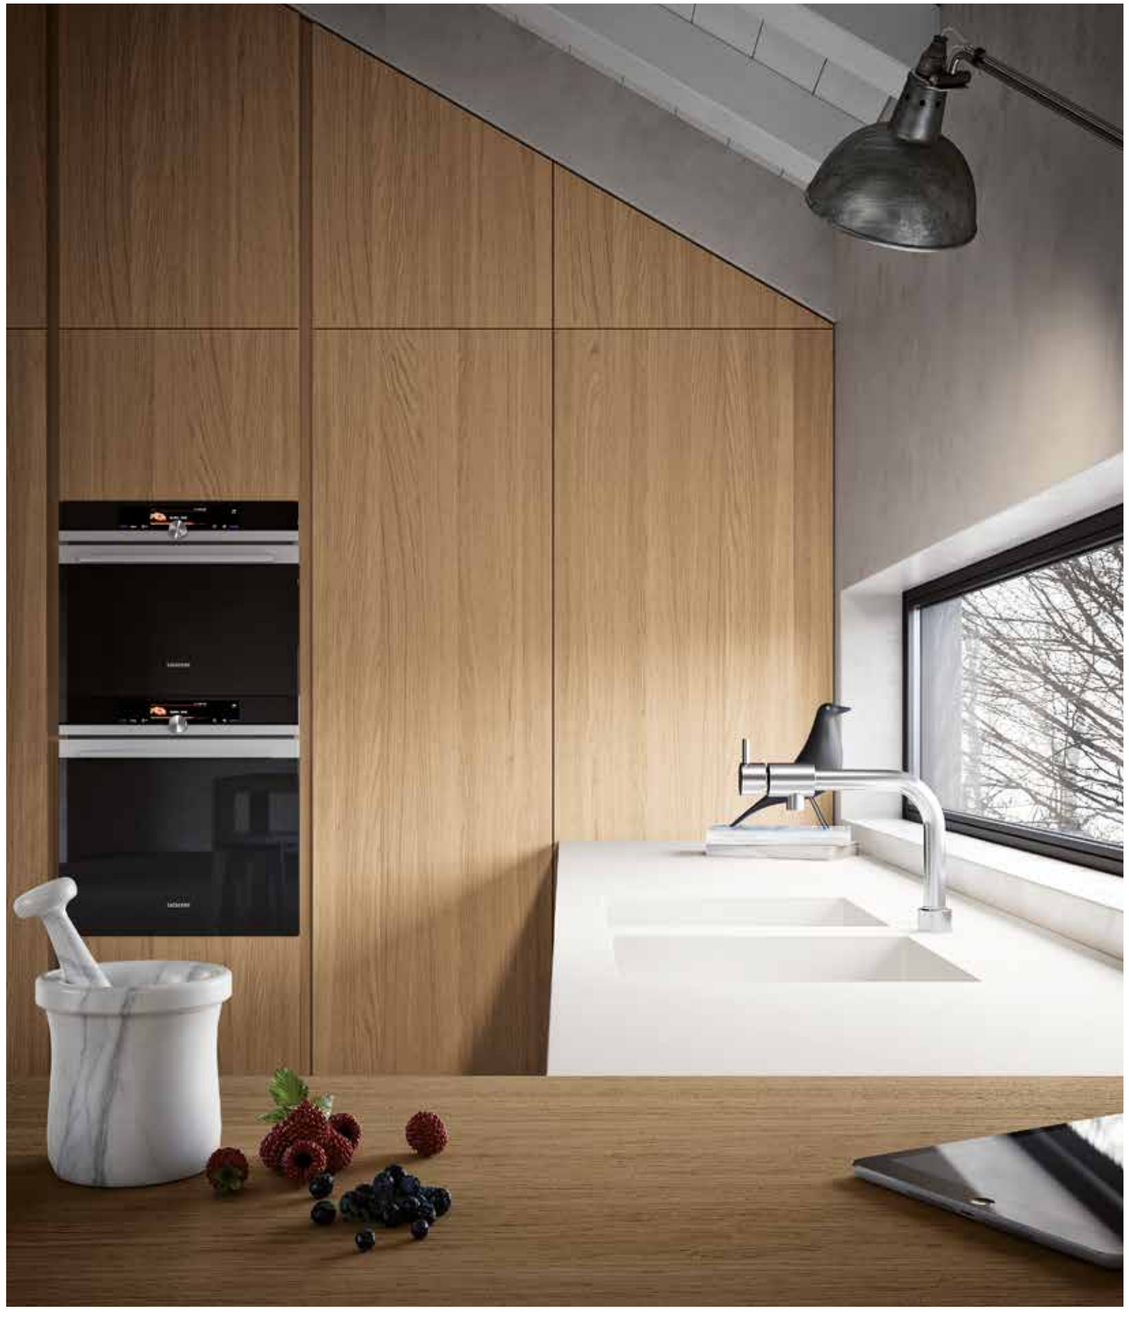

Nel cassettone attrezzato sotto il blocco cottura sono riordinate pentole e accessori per cucinare, facilmente accessibili grazie all'apertura a gola.

The equipped deep drawer under the cooking unit contains pans and cooking utensils, easily accessible by means of the grip profile.

Il tavolo in rovere naturale dà vita a una zona conviviale. Il piano è in appoggio sulla base, che ha il top con vasche integrate in Corian®, una solid surface innovativa che mantiene la sua bellezza inalterata nel tempo.

The table in solid-effect natural oak enlivens an area in which to entertain.
The top stands next to the base unit, which has an integrated sink unit in Corian®, an innovative solid surface whose beauty remains intact over time.

Le particolarità architettoniche ispirano soluzioni su misura. In questo caso, le basi ospitano ciascuna un blocco operativo: il blocco lavaggio si trova in corrispondenza della finestra mentre i fuochi sono sulla parete opposta, insieme a pensili e ripiani accessoriati.

Architectural details inspire customised solutions. In this case each base unit houses a work unit: the sink unit is placed under the window and the cooking hob is on the opposite wall, together with wall units and accessorised shelves.
