design office

METAL FRAME

Legs made from 30×30mm 1.5mm steel tube.

Perimeter frame made from 30×30mm 2mm steel tube.

ø30mm grey polyethylene 0-15mm adjustable levelling feet.

Finish options:

PIANO IN METALLO

Top made of folded pickled metal sheet 1.2 mm thick and painted with epoxy powders

Finish options:

PIANO IN GRES PORCELLANATO

3 or 5 mm thick GRES slab, depending on the finish, with flat flush edges and 1.5 mm x 45° bevel glued to the metal top.

Finish options:

SINGLE DESKS

MATERIALS AND RECYCLABILITY

Panels used on X6 range are exclusively 100% made by recycled wood and respect low formaldehyde emission (CATAS certification Quality Award CARB). Resins used on panels and melamine paper are SVHC substances free (reported on ECHA list update to 12/01/2017)

CERTIFICATES

Constantly receptive to market requirements, Quadrifoglio Sistemi d'Arredo pay special attention on quality and safety contents in order to provide high products and services. The Company has reached certifications UNI EN ISO 9001/2015, UNI EN ISO 14001/2015 and UNI EN ISO 45001/2018 to confirm his policy. Our products are certified and ensured by FSC™ and ECOLOGICAL PANEL.

GREEN ENERGY

The Company had installed the photovoltaic system with 4.500 solar panels in a 7.350 m² surface that covers almost entirely the factory. The photovoltaic is able to produce 1Mw of a quiet green energy, that does not harm the environment and is waste-free. With his high production capacity the photovoltaic allows us to reduce emissions in the atmosphere of all those polluting substances and to those that contribute to the greenhouse effects. Consequently, such measures make us save every year 180 tonne of petrol oil, 440 tonne of CO₂, 514kg of sulphur dioxide, 448 kg of nitrogen oxide and 23kg of dust.

TRANSPORT

Packaging is reduced in order to decrease volumes. Goods collections are responsibly managed and organised with the aim of optimise transports, reducing atmosphere emissions.
