Tommy Hyldahl

Dusk Wall Lamp - Burned Black

Product Description

The Dusk Wall Lamp is more than light, it is a luminous sculpture, an invitation to dream. Inspired by celestial beauty, it evokes the quiet majesty of distant planets, eclipses, and the raw elegance of Brutalist architecture.

Its layered shades orchestrate a mesmerizing dance of light and shadow, creating a rhythm that shifts between subtle glow and deep contrast. A soft, circular aura embraces the wall, casting an ethereal warmth that transforms any space into a sanctuary of depth, tranquillity, and inspiration. Crafted from two gracefully curved aluminium shades in a rich burned black finish, Dusk wall lamp is a masterpiece of balance - where bold form meets smooth, diffused illumination.

More than just a lamp, it is an artistic statement that enriches any interior with its quiet, radiant presence.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

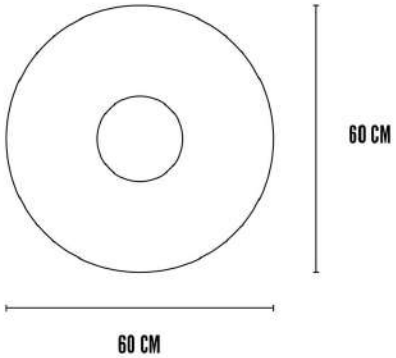

Dusk Wall Lamp - Burned Black

Family Description Text

Where Light Becomes Sculpture more than just illumination, the Dusk Table Lamp and Dawn Floor Lamp are artistic expressions, evoking celestial wonders from eclipses to planetary orbits and the bold geometry of Brutalist architecture. Their sculptural composition plays with contrasts of light and shadow, as layered, circular shades orchestrate a rhythmic dance of exposure, casting an intimate, atmospheric glow. At the foundation of this poetic interplay stands a raw, oxidized aluminium base square, grounded, and industrial its solid presence harmonizing with the richly textured, almost concrete-like surface of the rounded shades. A striking balance of form and function, where light gains depth, texture, and soul.

Color Description

Burned Black is a deep, charcoal-black tone enriched with a subtle warm red undercurrent. Its matte powder-coated surface delivers a smooth, consistent appearance, while gentle tonal shifts emerge as light moves across it. Bold yet quietly warm, Burned Black brings depth, richness, and a refined architectural presence to any palette.

Dusk Wall Lamp - Burned Black

Maintenance Guide Description

Our lights crafted in powder coated aluminium are designed to offer lasting durability and a refined, contemporary finish. To preserve their beauty and ensure long-lasting performance, regular and gentle care is essential. The powder coated aluminium should be dusted regularly with a soft, dry microfiber cloth, and for deeper cleaning, a slightly damp cloth with mild, pH-neutral soap may be used, wiping gently to avoid compromising the coating. Avoid abrasive pads, acidic or alkaline solutions, solvents, or metal polishes, as these can dull, scratch, or damage the surface. Always switch off and unplug the light before cleaning, and prevent exposure to excessive humidity or direct water contact to protect both the coating and the internal electrical components. With simple, consistent care, the powder coated aluminium will maintain its elegant finish, ensuring your light remains beautiful and timeless for years to come.

Materials Description

Powder-coated aluminium reflects the balance of strength and refinement. Each piece is coated with precision, resulting in a smooth and uniform surface that emphasizes form and silhouette with clarity. The finish enhances durability while introducing a calm, tactile character that enriches the material's expression.
