Kristian Sofus Hansen &
Tommy Hyldahl

Stick Wall Lamp - Bronze

Product Description

Drawing inspiration from minimalist art, the Stick wall lamp seamlessly melds light and sculpture, creating a striking graphic lighting design.

The light source, a radiant white acrylic tube, which houses a long-lasting LED light source, boasting 25,000 hours of illumination at a warm Kelvin 2400. Accented with plated metal fittings at both ends, and mounted on streamlined, geometric metal fixtures, the wall lamp evokes a distinctly graphic ambiance. Shifting away from the starkness typically associated with neon, these innovative lamps exude a warmer, more inviting glow, setting the ambiance for a cozy and comforting atmosphere.

Perfect for framing a hallway, flanking a bed or sofa, or adding a graphic touch to a dining or living room wall, the Stick Wall Lamp works as both lighting and wall art. Its warm, ambient glow creates a cozy atmosphere, while its minimalist design makes a striking statement on its own or in combination with the Stick Table Lamp and Stick Chandelier.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Stick Wall Lamp - Bronze

Family Description Text

The Stick Collection draws inspiration from minimalist art, where light becomes sculpture and geometry transforms into poetry. Defined by radiant white acrylic tubes that house a long-lasting LED glow, each piece captures the essence of line, balance, and form. Accented with plated metal fittings and mounted on streamlined geometric fixtures, the collection evokes the bold graphic language of the 1980s, linear, structured, and strikingly modern.

Yet, unlike the starkness of traditional neon, the Stick Collection radiates warmth. At 2400 Kelvin, its light is soft and inviting, creating an atmosphere that feels both contemporary and comforting. Each piece becomes more than illumination; it is an instrument of mood, shaping space with clarity and grace.

The chandelier, with its eight adjustable arms, offers endless possibilities of expression, whether arranged in disciplined symmetry or set free in dynamic asymmetry. The table lamp brings sculptural presence to intimate spaces, while the wall lamp extends its luminous lines across the vertical plane, adding depth and rhythm to interiors.

Moving effortlessly between residential and architectural settings, the Stick Collection is at home in dining rooms and hotel lobbies, on bedside tables and gallery walls. It redefines light as both a graphic statement and an enduring work of art.

Color Description

Hand Brushed Bronze carries a warm grey metallic tone, softened by delicate brushstrokes that create a smooth matte surface. The finish reveals subtle variations in texture and depth, giving it a calm and understated character. Elegant and versatile, it bridges the richness of metal with a modern, architectural expression.

Maintenance Guide Description

Our lights crafted in hand-brushed plated aluminium with acrylic tubes combine tactile warmth with luminous clarity. To preserve their beauty and ensure lasting quality, regular and gentle care is essential.

The hand-brushed plated aluminium should be cleaned with a soft, dry microfiber cloth to remove dust. For deeper cleaning, use a slightly damp cloth with mild, pH-neutral soap, wiping gently along the direction of the brushing to maintain the surface's subtle texture. Avoid abrasive pads, acidic solutions, or metal polishes, as these may damage the plated finish or alter its refined appearance.

The acrylic tubes require equally careful maintenance. Dust regularly with a soft microfiber cloth, and if necessary, clean with warm water and a small amount of mild soap. Dry immediately with a clean, lint-free cloth to preserve their luminous clarity. Do not use alcohol, solvents, or abrasive cleaners, as these can cause scratches or clouding.

Always switch off and unplug the light before cleaning, and avoid exposing the finishes to excessive humidity or direct water contact. With simple, consistent care, the hand-brushed plated aluminium will retain its crafted elegance, and the acrylic tubes will continue to radiate their soft, glowing presence ensuring your lamp remains timeless for years to come.

Materials Description

Our lights combine the tactile refinement of hand-brushed plated aluminium with the luminous clarity of acrylic tubes. The aluminium is plated in carefully developed finishes, then brushed by hand to create subtle variations in tone and texture details that make each piece unique. Its surface carries both resilience and warmth, a crafted metal elevated by human touch.

In dialogue with this, the acrylic tubes introduce a sense of lightness and radiance. Their crystalline transparency captures and diffuses light, softening the solidity of metal with a glowing clarity. Together, the two materials create a balance of strength and luminosity, weight and air, precision and atmosphere.

The result is a composition where crafted detail meets ethereal light lighting that is as much sculpture as function, designed to remain timeless in both expression and presence.
