Tommy Hyldahl

Chameleon Wall Lamp - Chrome

Product Description

Chameleon Wall Lamp in Chrome is inspired by the bold clarity of 1980s graphic minimalism, celebrating transformation through light and form. Defined by clean lines and geometric precision, the wall lamp blurs the boundary between illumination and sculpture, becoming an architectural element that both lights a space and defines it. The adjustable square shade allows light to shift with a simple turn, creating changing compositions of light and shadow that bring quiet drama to any interior.

Finished in polished Chrome (Cr III), the surface reflects light with a mirror-like brilliance, adding sleek sophistication and a modern presence to your space. Elegant in its simplicity and versatile in expression, the Chameleon Wall Lamp adapts effortlessly to its surroundings, embodying the art of transformation through light.

Place the Chameleon Wall Lamp in Chrome beside a bed, along a hallway, or as accent lighting in a living space. Its compact form and adjustable shade make it ideal both as a functional light source and as a sculptural statement, used individually or repeated to create a rhythmic wall composition.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

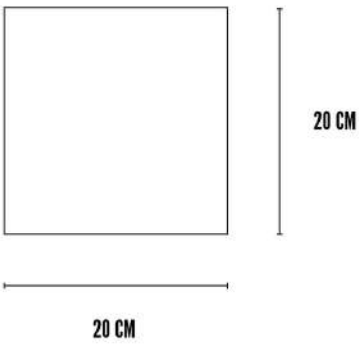

Chameleon Wall Lamp - Chrome

Family Description Text

Inspired by the bold clarity of 1980s graphic minimalism, the Chameleon Collection celebrates transformation through light and form. Defined by clean lines and geometric precision, each piece blurs the boundary between illumination and sculpture, becoming an object that both lights a space and defines it.

The adjustable square shade invites endless reinterpretation. With a simple turn, light and shadow shift in rhythm, reshaping the atmosphere with quiet drama. This intuitive movement transforms the Chameleon into a living element within any interior, responsive, expressive, and ever evolving.

Elegant in its simplicity and versatile in expression, the Chameleon adapts effortlessly to its surroundings, embodying the art of transformation through light.

Color Description

Chrome is a sleek, mirror-like silver with liquid clarity, polished to brilliance. It reflects its surroundings with sharp precision, evoking the clarity of liquid metal. Luminous and sophisticated, this finish embodies modernist purity and serves as both a striking highlight and a refined counterbalance to textured tones.

Chameleon Wall Lamp - Chrome

Maintenance Guide Description

Our lamps finished in Chrome (Cr III) are crafted to reflect light with a mirror-like brilliance. To preserve this clarity and ensure lasting quality, regular and gentle care is essential. The surface should be wiped with a soft, dry microfiber cloth to remove dust and fingerprints, and for deeper cleaning a slightly damp cloth with mild, pH-neutral soap may be used, followed by immediate drying with a clean, lint-free cloth. Avoid abrasive pads, acidic solutions, ammonia-based cleaners, or strong detergents, as these can scratch the surface or dull its mirrored finish.
Always switch off and unplug the lamp before cleaning, and keep it away from high humidity or direct water contact. With simple, consistent care, the Chrome (Cr III) finish will maintain its liquid-metal clarity and sleek, modern presence, ensuring your lamp remains striking and timeless for years to come.

Materials Description

The chrome finish combines technical precision with modernist clarity. Using Decorative Trivalent Chrome Plating (Cr III) on aluminium, the surface is polished to a mirrored brilliance that reflects its surroundings with sharp precision. Sleek and striking, it serves as a counterbalance to textured finishes, capturing light and form like liquid metal while embodying the clean lines of contemporary design.
